Introduction

- **what its name is and where it is**

One city that I really enjoyed visiting was Prague. It is the capital of Czechia, which is located in central Europe.

Speaking (Travel Answer)

- **when you visited it**
- **why you liked it**

I went there with a group of friends around 10 years ago, and there are a number of reasons I liked it. Firstly, the architecture was amazing. The city had a lot of interesting buildings and the streets were well designed for walking. Secondly, the city had a great atmosphere and the local people were extremely friendly. It also had great nightlife, with a wide variety of bars and restaurants to choose from.

Speaking (Travel Answer)

- **what the major attractions in this city are**

There were a lot of fantastic attractions in the city. The ones that I enjoyed most were Charles Bridge, which links the two halves of Prague across the Vlatava River. There are some excellent views from the middle of the bridge. Prague Old Town was also very nice as there were lots of historical buildings and places to eat and drink. Wenceslas square was another good place I visited. While I was there, there was a Christmas market being held in the square which made for a great atmosphere.
